NOTICE IS HEREBY GIVEN that an annual general meeting (the “**Meeting**”) of the shareholders of Forte Minerals Corp. (the “**Company**”) will be held virtually on Wednesday, July 27, 2022 at 11:00 am (Pacific Time). At the Meeting, the shareholders will receive the financial statements for the year ended December 31, 2021, together with the auditor’s report thereon, and consider resolutions to:

1. set the number of directors of the Company at four;
2. elect directors for the ensuing year;
3. appoint Crowe MacKay LLP as auditor of the Company for the ensuing year and authorize the directors to determine the remuneration to be paid; and
4. transact such other business as may properly be put before the Meeting.

The Company has determined to hold the Meeting virtually, as permitted by the *Business Corporations Act* (British Columbia). As a result, there will be no in person attendance at the Meeting, which will be held electronically. Shareholders are urged to vote on the matters before the Meeting by proxy and to listen to the Meeting online. Registered shareholders or proxyholders representing registered shareholders participating in the Meeting virtually will be considered to be present in person at the Meeting for the purposes of determining quorum. Non-registered shareholders who have not duly appointed themselves as a proxyholder will be able to attend the Meeting as a guest, but will not be able to vote at the Meeting.

All shareholders are entitled to attend and vote at the Meeting in virtually in person or by proxy. The Board of Directors (the “**Board**”) requests that all shareholders who will not be attending the Meeting read, date and sign the accompanying proxy and deliver it to Odyssey Trust Company (the “**Transfer Agent**”). If a shareholder does not deliver a proxy to Odyssey Trust Company, 350 – 409 Granville Street, Vancouver, British Columbia, V6C 1T2 by 11:00 a.m. (Pacific Time) on Monday, July 25, 2022 (or before 48 hours, excluding Saturdays, Sundays and holidays before any adjournment of the meeting at which the proxy is to be used) then the shareholder will not be entitled to vote at the Meeting by proxy. Only shareholders of record at the close of business on June 22, 2022 will be entitled to vote at the Meeting.

Shareholders will have two options to access the Meeting, being via teleconference or through the Zoom application, which requires internet connectivity. Registered shareholders wishing to vote in person and any shareholders wishing to view materials that may be presented by the Company’s management will need to utilize the Zoom application but any shareholder may listen to the Meeting via teleconference. Registered shareholders participating via teleconference will not be able to vote in person at the Meeting as the Company’s scrutineer must take steps to verify the identity of registered shareholders using the video features.

Registered shareholders and proxyholders will be able to attend the virtual meeting and vote. Non-registered shareholders who have not duly appointed themselves as proxyholder will be able to attend the virtual Meeting as a guest, but will not be able to vote at the Meeting. The Meeting will be held via the Zoom meeting platform. In order to access the Meeting, shareholders will have two options, being via teleconference or through the Zoom application, which requires internet connectivity. APPOINTMENT AND REVOCATION OF PROXY

The persons named in the Proxy are directors and/or officers of the Company. **A registered shareholder who wishes to appoint some other person to serve as their representative at the Meeting may do so by striking out the printed names and inserting the desired person's name in the blank space provided.** The completed Proxy should be delivered to Odyssey Trust Company (the "Transfer Agent") 350 – 409 Granville Street, Vancouver, British Columbia, Canada, V6C 1T2 by 11:00 a.m. (Pacific Time) on Monday, July 25, 2022, or before 48 hours (excluding Saturdays, Sundays and holidays) before any adjournment of the Meeting at which the Proxy is to be used.

The Proxy may be revoked by:

- (a) signing a proxy with a later date and delivering it at the time and place noted above;
- (b) signing and dating a written notice of revocation and delivering it to the Transfer Agent, or by transmitting a revocation by telephonic or internet voting which can be completed at <http://odysseytrust.com/Transfer-Agent/Login>, to the Transfer Agent, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment of it, at which the Proxy is to be used, or delivering a written notice of revocation and delivering it to the Chairman of the Meeting on the day of the Meeting or adjournment of it; or
- (c) attending the Meeting or any adjournment of the Meeting virtually and registering with the scrutineer as a shareholder present in person.

Provisions Relating to Voting of Proxies

The shares represented by Proxy in the form provided to shareholders will be voted or withheld from voting by the designated holder in accordance with the direction of the registered shareholder appointing him. If there is no direction by the registered shareholder, those shares will be voted for all proposals set out in the Proxy and for the election of directors and the appointment of the auditors as set out in this Circular. The Proxy gives the person named in it the discretion to vote as such person sees fit on any amendments or variations to matters identified in the Notice of Meeting, or any other matters which may properly come before the Meeting. At the time of printing of this Circular, the management of the Company (the "Management") knows of no other matters which may come before the Meeting other than those referred to in the Notice of Meeting.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold common shares in their own name. Shareholders who hold their common shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their common shares in their own name (referred to herein as "**Beneficial**

Shareholders") should note that only proxies deposited by shareholders who appear on the records maintained by the Company's registrar and transfer agent as registered holders of common shares will be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a Beneficial Shareholder by a broker, then those common shares will, in all likelihood, not be registered in the shareholder's name. Such common shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such common shares are registered under the name of Cede & Co., the registration name for The Depository Trust Company, which acts as nominee for many United States brokerage firms. Common shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. The form of instrument of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to registered shareholders by the Company. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. ("**Broadridge**") in Canada. Broadridge typically prepares a machine-readable voting instruction form ("**VIF**"), mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote common shares directly at the Meeting. The VIFs must be returned to Broadridge (or instructions respecting the voting of common shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the common shares voted. If you have any questions respecting the voting of common shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.**

The Notice of Meeting, Circular, Proxy and VIF, as applicable, are being provided to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories - those who object to their identity being known to the issuers of securities which they own ("**OBOs**") and those who do not object to their identity being made known to the issuers of the securities which they own ("**NOBOs**"). Subject to the provisions of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**"), issuers may request and obtain a list of their NOBOs from intermediaries directly or via their transfer agent and may obtain and use the NOBO list for the distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. If you are a Beneficial Shareholder and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with

applicable securities regulatory requirements from the intermediary holding the common shares on your behalf.

Pursuant to the provisions of NI 54-101, the Company is providing the Notice of Meeting, Circular and Proxy or VIF, as applicable, to both registered owners of the securities and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding common shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the VIF. As a result, if you are a non-registered owner of the securities, you can expect to receive a scannable VIF from the Transfer Agent. Please complete and return the VIF to the Transfer Agent in the envelope provided or by facsimile. In addition, internet voting instructions can be found on the VIF. The Transfer Agent will tabulate the results of the VIFs received from the Company's NOBOs and will provide appropriate instructions at the Meeting with respect to the common shares represented by the VIFs they receive.

The Company's OBOs can expect to be contacted by Broadridge or their brokers or their broker's agents as set out above. The Company does not intend to pay for intermediaries to deliver the Notice of Meeting, Circular and VIF to OBOs and accordingly, if the OBO's intermediary does not assume the costs of delivery of those documents in the event that the OBO wishes to receive them, the OBO may not receive the documentation.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the common shares in that capacity. NI 54-101 allows a Beneficial Shareholder who is a NOBO to submit to the Company or an applicable intermediary any document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder. If such a request is received, the Company or an intermediary, as applicable, must arrange, without expenses to the NOBO, to appoint such NOBO or its nominee as a proxyholder and to deposit that proxy within the time specified in this Circular, provided that the Company or the intermediary receives such written instructions from the NOBO at least one business day prior to the time by which proxies are to be submitted at the Meeting, with the result that such a written request must be received by 11:00 a.m. (Pacific Time) on the day which is at least three business days prior to the Meeting. **A Beneficial Shareholder who wishes to attend the Meeting and to vote their common shares as proxyholder for the registered shareholder, should enter their own name in the blank space on the VIF or such other document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

All references to shareholders in the Notice of Meeting, Circular and the accompanying Proxy are to registered shareholders of the Company as set forth on the list of registered shareholders of the Company as maintained by the registrar and transfer agent of the Company, Odyssey Trust Company, unless specifically stated otherwise.

The audited financial statements of the Company for the years ended December 31, 2021 and December 31, 2020, together with the auditor's report on those statements and Management Discussion and Analysis, will be presented to the shareholders at the Meeting.

Stock option plan

At the Company's annual meeting held on May 21, 2021, the Shareholders approved an incentive stock option plan for the Company (the "Stock Option Plan") under which, subject to the requirement of the Canadian Securities Exchange (the "CSE") the Directors are authorized to grant options to purchase up to 10% of the number of Shares of the Company issued and outstanding, from time to time. The purpose of the Stock Option Plan is to assist the Company in attracting, retaining and motivating directors, officers, employees and consultants of the Company and of its affiliates and to motivate them to advance the interests of the Company by affording them with the opportunity to acquire an equity interest in the Company through options granted under the Stock Option Plan to purchase Shares.

The Stock Option Plan will be administered by the Board, which will have full and final authority with respect to the granting of all options thereunder.

Under the policies of the CSE options granted under the Plan are not required to have a vesting period, although the directors may continue to grant options with vesting periods, as the circumstances require. The Stock Option Plan authorizes the Board of Directors to grant stock options to the Optionees on the following terms:

Options may be granted under the Stock Option Plan as the Board may from time to time designate. The exercise prices shall be determined by the Board but shall, in no event, be less than the greater of the closing market price of the Shares on (a) the trading day prior to the date of grant of the stock options; and (b) the date of grant of the stock options, in accordance with the policies of the Exchange. The Stock Option Plan provides that the number of all Shares reserved for issuance will not exceed 10% of the issued and outstanding Shares, from time to time. The maximum number of Shares underlying options granted to any individual director or officer, within a one-year period, may not exceed 5% of the Shares issued and outstanding as at the date of grant of the stock option, unless disinterested shareholder approval is obtained.

Options may be exercised up to 90 days following cessation of the optionee's position with the Company, unless the optionee has been terminated for cause in which case Options will be terminated immediately. Additionally, if the cessation of office, directorship, or consulting arrangement was by reason of death or disability, the option may be exercised within a maximum period of one year after such death or disability, subject to the expiry date of such option. Options will expire not later than the date which is ten years from the date of grant. Options granted under the Stock Option Plan are not transferable or assignable other than by will or other testamentary instrument or pursuant to the laws of succession. The Board of the Company may, in its absolute discretion impose such limitations or conditions on the exercise or vesting of any options granted under the Stock Option Plan as it deems appropriate. On the occurrence of a takeover bid, issuer bid or going private transaction, the Board will have the right to accelerate the date on which any option becomes exercisable.

In the event of a "change in control event", the Stock Option Plan gives the Board the power to make such arrangements as it shall deem appropriate for the exercise of outstanding options or continuance of outstanding options, including to amend or modify the Stock Option Plan to permit the exercise of any or all of the remaining options prior to the completion of any such transaction.

For the purposes of the Stock Option Plan, a "change of control event" constitutes any of the following:

- (a) a person makes an offer to acquire Shares that, regardless of whether the acquisition is completed, would make the person the beneficial owner of twenty percent (20%) or more of the outstanding Shares of the Company (an “Acquiring Person”);
- (b) an Acquiring Person makes an offer, regardless of whether the acquisition is completed, to acquire Shares;
- (c) the Company proposes to sell all or substantially all of its assets and undertaking;
- (d) the Company proposes to merge, amalgamate or be absorbed by or into any other corporation (save and except for a subsidiary) under any circumstances which involve or may involve or require the liquidation of the Company, a distribution of its assets among its shareholders, or the termination of the corporate existence of the Company;
- (e) the Company proposes an arrangement as a result of which a majority of the outstanding Shares of the Company would be acquired by a third party; or
- (f) any other form of transaction is proposed which the majority of the Board determines is reasonably likely to have similar effect any of the foregoing.

The terms of an option may not be amended once issued. If an option is cancelled prior to its expiry date, the Company, if listed on the CSE, must post notice of the cancellation and shall not grant new options to the same person until 30 days have elapsed from the date of cancellation.

Oversight and Description of Director and Named Executive Officer Compensation

The objective of the Company's compensation program is to compensate the executive officers for their services to the Company at a level that is both in line with the Company's fiscal resources and competitive with companies at a similar stage of development.

The Company compensates its executive officers based on their skill, qualifications, experience level, level of responsibility involved in their position, the existing stage of development of the Company, the Company's resources, industry practice and regulatory guidelines regarding executive compensation levels.

The Board has implemented three levels of compensation to align the interests of the executive officers with those of the Shareholders. First, executive officers may be paid a monthly consulting fee or salary. Second, the Board may award executive officers long term incentives in the form of stock options. Finally, the Board may award cash or share bonuses for exceptional performance that results in a significant increase in shareholder value. The Company does not provide pension or other benefits to the executive officers. The Company does not have pre-existing performance criteria or objectives. All significant elements of compensation awarded to, earned by, paid or payable to NEOs are determined by the Company on a subjective basis. The Company has not used any peer group to determine compensation for its directors and NEO.

The Board has the responsibility to administer compensation policies related to executive management of the Company, including option-based awards. The Board has approved the Stock Option Plan pursuant to which the Board has granted stock options to executive officers. The Stock Option Plan provides compensation to participants and an additional incentive to work toward long-term company performance. The Stock Option Plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact and/or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the Exchange, and closely align the interests of the executive officers with the interests of shareholders.

Compensation for the most recently completed financial year should not be considered an indicator of expected compensation levels in future periods. All compensation is subject to and dependent on the Company's financial resources and prospects.

Pension Disclosure

The Company does not have any pension or retirement plan which is applicable to the NEOs or directors. The Company has not provided compensation, monetary or otherwise, to any person who now or previously has acted as an NEO of the Company, in connection with or related to the retirement, termination or resignation of such person, and the Company has provided no compensation to any such person as a result of a change of control of the Company.

CORPORATE GOVERNANCE DISCLOSURE

National Policy 58-201 establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines; however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore such guidelines have not been adopted. National Instrument 58-101 mandates disclosure of corporate governance practices which disclosure is set out below.

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the shareholders of the Company. Corporate governance also takes into account the role of the individual members of management appointed by the Board who are charged with the day-to-day management of the Company. The Board is committed to sound corporate governance practices, which are both in the interest of its shareholders and contribute to effective and efficient decision making.

Composition of the Board

The Board facilitates its exercise of independent supervision over management by ensuring that the Board is composed of a majority of independent directors. Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A "material relationship" is a

relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgment. The Board has four directors, two of which are considered to be independent. Mr. Turnbull and Ms. Ashton are considered to be independent directors for the purposes of NI 58-101 and Mr. Elliott is not considered to be independent due to his relationship as a senior officer of the Company and Mr. Osmond is not considered to be independent due to his relationship as the President and a director of GlobeTrotters, a significant shareholder of the Company and as a result of the consulting agreement between the Company and Geovision as described above under above under Employment, Consulting and Management Agreement.

The Board of the Company facilitates its exercise of supervision over Company's management through frequent meetings of the Board.

Mandate of the Board

The Board has responsibility for the stewardship of the Company including responsibility for strategic planning, identification of the principal risks of the Company's business and implementation of appropriate systems to manage these risks, succession planning (including appointing, training and monitoring senior management), communications with investors and the financial community and the integrity of the Company's internal control and management information systems.

The Board sets long term goals and objectives for the Company and formulates the plans and strategies necessary to achieve those objectives and to supervise senior management in their implementation. The Board delegates the responsibility for managing the day-to-day affairs of the Company to senior management but retains a supervisory role in respect of, and ultimate responsibility for, all matters relating to the Company and its business. The Board is responsible for protecting shareholders' interests and ensuring that the incentives of the shareholders and of management are aligned.

As part of its ongoing review of business operations, the Board reviews, as frequently as required, the principal risks inherent in the Company's business including financial risks, through periodic reports from management of such risks, and assesses the systems established to manage those risks. Directly and through the Audit Committee, the Board also assesses the integrity of internal control over financial reporting and management information systems.

In addition to those matters that must, by law, be approved by the Board, the Board is required to approve any material dispositions, acquisitions and investments outside the ordinary course of business, long-term strategy, and organizational development plans. Management of the Company is authorized to act without board approval, on all ordinary course matters relating to the Company's business.

The Board also monitors the Company's compliance with timely disclosure obligations and reviews material disclosure documents prior to distribution. The Board is responsible for selecting the President and appointing senior management and for monitoring their performance

<u>Name of director</u>	<u>Other reporting issuer</u>
Patrick Elliott	Element 29 Resources Corp. MLK Gold Ltd.
Richard Osmond	Element 29 Resources Corp.
Douglas Turnbull	Select Sands Corp.

Position Descriptions

The Board has not developed written position descriptions for the chair or the chair of any board committees or for the CEO. Given the size of the Company's infrastructure and the existence of only a small number of officers, the Board does not feel that it is necessary at this time to formalize position descriptions in order to delineate their respective responsibilities.

Orientation and Continuing Education

When new directors are appointed, they receive orientation, commensurate with their previous experience, on the Company's properties, business and industry and on the responsibilities of directors. New directors also receive historical public information about the Company and the mandates of the committees of the Board. Board meetings may also include presentations by the Company's management and employees to give the directors additional insight into the Company's business. In addition, new directors are encouraged to visit and meet with management on a regular basis and to pursue continuing education opportunities where appropriate.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company. Further, the Company's auditor has full and unrestricted access to the Audit Committee at all times to discuss the audit of the Company's financial statements and any related findings as to the integrity of the financial reporting process.

Under applicable corporate legislation, a director is required to act honestly and in good faith with a view to the best interest of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction is a director or officer (or an individual acting in a similar capacity) of a party to the contract or voting on the contract or transaction, unless the contract or transaction (i) relates primarily to their remuneration as a director, officer, employee or agent of the Company or an affiliate of the Company, (ii) is for indemnity or insurance for the benefit of the director in connection with the Company, or (iii) is with an affiliate of the Company. If the director abstains from voting after disclosure of their interest, the directors approve the contract or transaction and the contract or transaction was reasonable and fair to the Company at the time it was entered into, the contract or transaction is not invalid, and the director is not accountable to the Company for any profit realized from

the contract or transaction. Otherwise, the director must have acted honestly and in good faith, the contract or transaction must have been reasonable and fair to the Company and the contract or transaction be approved by the shareholders by a special resolution after receiving full disclosure of its terms in order for the director to avoid such liability or the contract or transaction being invalid.

Nomination of Directors

The Board will consider its size each year when it considers the number of directors to recommend to the shareholders of the Company for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

The Board does not have a nominating committee, and these functions are currently performed by the Board as a whole. The Board is responsible for identifying individuals qualified to become new Board members and recommending to the Board new director nominees for the next annual meeting of the shareholders.

New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required, show support for the Company's mission and strategic objectives, and a willingness to serve.

The Company has adopted advance notice provisions within the Articles of the Company (the "Advance Notice Provisions").

The Advance Notice Provisions are intended to facilitate an orderly and efficient annual and/or special meeting process and ensure that all shareholders receive adequate notice and information about director nominees. The Advance Notice Provisions provide a clear process for shareholders to follow to nominate directors, and sets out a reasonable time for nominee submissions to be considered.

The Advance Notice Provisions fix a deadline by which holders of record of the Company's common shares must submit director nominations to the Company prior to any annual or special meeting of shareholders, and sets out the information that a shareholder must include in such notice to the Company. In the case of an annual meeting of shareholders, notice to the Company must be made not less than 30 days nor more than 65 days prior to the date of the annual meeting, unless the annual meeting is to be held less than 40 days after the meeting was first announced, in which case notice may be made no later than the close of business on the 10th day after the announcement. In the case of a special meeting of the shareholders, notice to the Company must be made no later than the close of business on the 15th day following public announcement of the date of the special meeting.

Compensation

The Board is, among other things, responsible for determining all forms of compensation to be granted to the Chief Executive Officer of the Company and other senior management and executive officers of the Company, for evaluating the Chief Executive Officer's performance in light of the corporate goals and objectives set for him/her, for reviewing the adequacy and form of the compensation and benefits of the directors in their capacity as directors of the Company to ensure that such compensation realistically reflects the responsibilities and risks involved in being an effective director. The directors decide as a Board the compensation for the Company's officers, based on industry standards and the Company's financial situation.

Assessments

The Board annually reviews its own performance and effectiveness as well as the effectiveness and performance of its committees. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of individual directors are informally monitored by other Board members, bearing in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

The Board monitors the adequacy of information given to directors, communication between Board and Management and the strategic direction and processes of the Board and its committees.
